

Cumberland County ACTION

Core Principles

- * We agree that we need political leaders with great moral character.
- * We agree with the first Chief Justice of the U.S Supreme Court, when he said, "Providence has given to our people the choice of their rulers and it is the duty, as well as the privilege and interest of our Christian nation, to select and prefer Christians for their rulers."
- John Jay, 1816
- * We believe that human life, born and unborn, is sacred.
- * We believe traditional marriage is an important institution that needs to be preserved by the state and federal governments.
- * We support candidates that have a record of accomplishment, community service, and experience necessary to perform the job they are seeking.

"It is impossible to rightly govern a nation without God and the Bible."

- George Washington

"All that is necessary for evil to triumph is for good men to do nothing."

- Edmund Burke
